

Acknowledgments

This manual reflects an extensive Department-wide outreach and the efforts of the Design Division and The Strategic Planning Group to update the Design Procedure Manual (DPM) and the Scoping Procedure Manual (SPM) and combine the two into one manual, *The Project Development Manual (PDM)*, that reflects a seamless Project Development Process.

The Project Development Manual is the product of the work of many contributors without whose efforts this would not have been possible. Special thanks to Farhan Haddad, Joe Huba (retired), Rick Wilder, Dick Darius, Caro Hennessy (retired), Tricia Millington, Bert Roy, and Wayne Gannett. We also acknowledge the many individuals in the regions and main office that reviewed drafts of this manual and provided insightful comments.
